## PENNSAUKEN STAGES

Good evening Theatre Friends and Family,

We are honored to have you in our theatre to celebrate these wonderful young actors and crew members who have worked diligently these past few months on our most ambitious show yet. This production proudly debuts our brand new lights!!! We are so excited to continue to learn about all of the amazing details this can add throughout this year.

This production brings two of our favorite theatre families together - the directors and performers at Music Mountain Theatre have been a part of our theatre careers since 2013 and graciously agreed for our students at Pennsauken to perform the premier student performance of MACM. This play was first written as an episodic series on YouTube at the height of the pandemic and reworked for the stage in 2021.

We are endlessly amazed at the work these students can do. The growth that we have seen since Sept. 6 at our first rehearsal has been remarkable. Plays are hard - the actors can't hide in a song and dance. We stay in the moment - we connect - we thrive. Thank you for supporting these fantastic young actors!
